ERIC ROBERSON

Master of Ceremonies

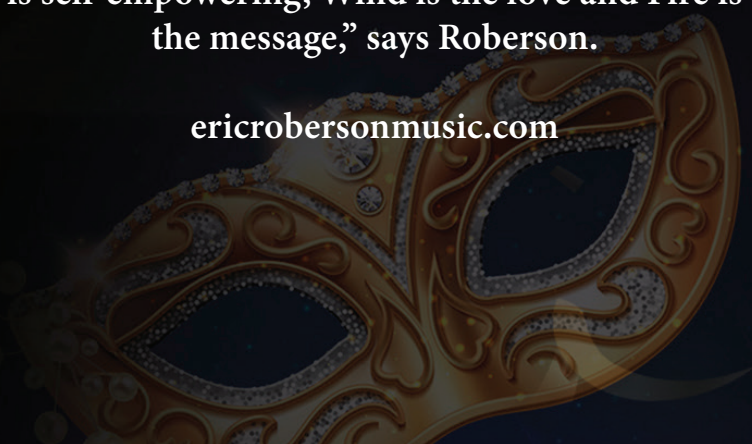

Singer, Songwriter, and Producer

GRAMMY Award-nominee, singer, songwriter, and producer Eric Roberson continues to break boundaries as an independent artist in an industry dominated by major labels, manufactured sounds and mainstream radio. Described as the original pioneer of the independent movement in R&B/soul music, Eric has achieved major milestones in his career, from being a successful songwriter and producer for notable artist such as Jill Scott, Musiq Soulchild, Dwele, Vivian Green and countless others, as well as headlining sold out tours across the country.

Eric's latest project, *Wind*, will be released on July 21st and digital pre-orders are available now on iTunes. This album is the second part of a three album compilation *Earth, Wind, and Fire*, to be released throughout the year. *Wind* features Urban Contemporary Veteran Will Downing on the single "Lyrics Of Pleasure".

The inspiration behind the album titles definitely pays homage to the iconic group, but Eric also wanted to use music to voice some of today's topical issues and in his special way, include personal influences into these albums. "Earth is self-empowering, Wind is the love and Fire is the message," says Roberson.

CAYMAN KELLY

Natural-Born Entertainer

People always commented on his voice and asked Cayman to do various projects such as phone lines, imaging, promos, etc. One person in particular, would always tell Cayman, “you need to be doing much more with those “pipes” of yours!” His broadcast path led him to “BET Uptown”, a 3rd party satellite radio channel for XM. Through this opportunity he established a relationship with the Creative Service Department at BET, after being asked to voice a commercial for their show, “Celebration of Gospel.” That project ironically birthed his voice-over career and later led him to become the voice of BET and BET J. He has since been signed to Don Buchwald Agency in NY and is now the voice of numerous radio stations across the country, including Power 105.1 in NY.

He has voiced television promos for TV Land, TV One, ESPN, Bounce TV, Cartoon Network, etc. He also had the opportunity to be a voice on the history making game, “Grand Theft Auto V.” You may also recognize his voice from many concert tours that include Usher, Mary J. Blige, Maxwell, John Legend, Jay-Z, Kanye West, Aretha Franklin, The Jackson’s, Stevie Wonder, Boyz II Men and more. Cayman has voiced a number of commercials and narrations, as well.

He believes that his path will cross with the right individual that will present an opportunity to be on-camera for television. So, he consequently continues to network in that area. After all, he lives by a quote, “A thought is a thought until placed into action. got to go at it to gain satisfaction!”

SPUR OF THE MOMENT

While often regarded as regional legends of the DMV, Spur of the Moment will not be keeping that status for long. Once you experience the magic of the popular ensemble in action, or groove along to Spur of the Moment's exciting new CD "N 2 Deep" (August 2014 release date), you will quickly wonder why this group hasn't attained Superstardom; then you will become a fan. "N 2 Deep" features emerging artist, "Grammy" nominated Maimouna Youssef, and incredible singer/songwriter Levi Stephens, as well as an appearance by their friend, "Grammy" nominated Maysa.

Outside of Maysa they have developed a loyal following and some famous fans as well, including Will Downing, Eric Roberson, Ledisi, Lalah Hathaway, Brian Culbertson and Raheem Devaughn. Maysa adds, "They embody all the goodness of today's music...smooth melodies, beautiful instrumentation, and a lot of soul...they will prove to the world with this release that the good guys always win!" In addition, this Jazz, Funk and Soul group, in the past seven years, have become the "House Band" of "The Capital Jazz Supercruise", performing with everyone from Stanley Clarke and George Duke to Oleta Adams, and Ledisi.

"What drives us to continue is the fact that, no matter how much we have achieved, there are still so many people in America and around the world who have never seen us perform or heard us, and we're all about getting out there and sharing what we do with them.

There's also something cool about being the underdog, because there's always something exciting still to accomplish. Every career has its ebbs and flows, and we're fortunate to still be around, doing what we love to do – making people happy with our music!"

WILL DOWNING

With a career that spans over 34 years and 24 albums, Will Downing is one of the most versatile and loved voices of our time. Known as The Prince of Sophisticated Soul, his repertoire consists of signature interpretations of R&B classics like “I Go Crazy”, “Wishing On A Star” and “I Try”, with original hits “A Million Ways”, “Sorry I” and the show-stopping duet with Rachelle Ferrell, “Nothing Has Ever Felt Like This”.

His distinctive baritone voice has resonated in the hearts of women worldwide and carved a unique niche in the music marketplace. With fresh melodies and lush arrangements that satisfy all musical palates, Downing continues to serve his fan base through his own Sophisticated Soul record label and sold out tour dates across the country.

His latest release entitled “The Song Garden” was released on January 29, 2021. He also hosts his weekly radio show The Wind Down which is aired on this site and over 20 stations around the world in the USA, UK, Japan, and Spain.
